Situation

A well-proportioned 2-bedroom property offering flexible living space, off-street parking, and a private rear garden. Ideal for a small family, professional couple, or single occupant needing a home office or guest room. The layout features one generous double bedroom and a second smaller double/single bedroom, a good-sized living room, kitchen, and the convenience of a driveway. Located in a practical, residential setting with outdoor space.

This property strikes a rare balance between indoor space and outdoor practicality. The large living room is bright and versatile, easily accommodating both relaxation and dining or workspace needs.

The master bedroom is genuinely large, with room for a king-sized bed and storage. The second bedroom is smaller but perfectly functional as a child's bedroom, guest room, or quiet home office – increasingly essential for hybrid workers. Outside, the driveway removes the daily stress of street parking, while the back garden offers a private outdoor retreat – a standout feature in this price range.

Ideal for:

- Professional couples wanting a spare room or office
- Small families with one child
