Situation

Stunning apartment with balconies in South Kensington, arranged over two levels (second and third floors) of an elegant period building, set within the prestigious Stanhope Gardens. The property enjoys views over the beautifully maintained communal gardens of Stanhope Gardens and also benefits from access to them. The property, tastefully furnished, offers approximately 112 sqm of living space and stands out for its generous proportions, high ceilings, and well-designed layout. On the second floor, there is a spacious reception room used as both a living and dining area, exceptionally bright and with direct access to a private balcony—ideal for relaxing moments. The kitchen is separate and well-organised, also designed as a breakfast area. On the same level, there is a double bedroom with access to a second balcony, as well as a bathroom. The third floor hosts the second double bedroom, served by an elegant bathroom and enhanced by a dedicated dressing room, adding both comfort and practicality to the sleeping area. The two-level layout ensures excellent separation between living and sleeping spaces, making the apartment ideal both as a primary residence and as a prestigious investment. The location is among the most sought-after in London, offering a wealth of amenities, restaurants, shops, and high-end cultural institutions. South Kensington Underground station is just a short walk away, providing quick and convenient connections to the rest of the city.

The landlord is willing to rent this home to Employed, Self Employed

The landlord is willing to rent the property for a minimum of 12 Months and a maximum of 12 Months

Energy Performance Certificates

This home's performance is rated in terms of the energy use per square metre of floor area, energy efficiency based on fuel costs and environmental impact based on carbon dioxide (CO₂) emissions.

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more energy efficient the home is and the lower the fuel bills will be.

The environmental impact rating is a measure of a home's impact on the environment in terms of carbon dioxide (CO₂) emissions. The higher the rating the less impact it has on the environment.

Creation Date: 18/04/2026

IMPORTANT INFORMATION

For clarification, we wish to inform the prospective tenant that we have prepared these details as a general guide. The agent has not carried out a detailed survey nor tested the services, appliances, or specific fittings (unless otherwise stated), and no warranty can be given as to their condition. All room measurements are taken at floor level. We strongly recommend that all the information which we provide about the property is verified by yourself and your advisers.
